— ABOUT US

Welcome To **IBN SINA**

The **IBN SINA Pharmaceutical Industry Ltd.** is a leading pharmaceutical company in Bangladesh. The company was founded in the year 1983. The manufacturing facilities located at Gazipur, 56 kilometer away from the center of the capital city Dhaka, in a campus of about 15 acres of land. The manufacturing plant has been established with modern state of the art technology and equipped with high standard machineries for the production and quality checking of various dosage forms of several therapeutic classes.

Besides contemporary medicines, the company is also encouraging traditional herbal/Unani medicines. Hence, its Manufacturing Plant is broadly divided into two principal units, i.e. Pharmaceutical Manufacturing Plant and Natural Medicine Manufac.
