LONGPARA

PARACETAMOL BP

Compositions:
Longpara Tablet: Each extended release tablet contains Paracetamol BP 665 mg.

Pharmacology:
Longpara is a long acting and safe analgesic with marked antipyretic property. It is for the effective relief of persistent fever and pain. It is specially suitable for patients who, for any reason, can not tolerate aspirin or other analgesics.

Dosage And Administration:
Age- 12 years to Adult: 2 tablets at a time three times (every 6-8 hours) a day (maximum 6 tablets in 24 hours). Can be taken with or without food. The tablets must not be crushed.

Contraindications:
Paracetamol is contraindicated for patients with known hypersensitivity to the drug and patients with severe impaired renal and hepatic disease (Viral Hepatitis).

Warning And Precaution:
Do not use: more frequently than every 6 hours; for children below the age of 12 years; & if using other medicines containing paracetamol. Paracetamol should be given with caution to patients with impaired kidney or liver function. Paracetamol should be given with care to patients taking other drugs that affect the liver.

Side Effects:
Side effects of paracetamol are usually mild, though haematological reactions including thrombocytopenia, leucopenia, pancytopenia, neutropenia, and agranulocytosis have been reported. Pancreatitis, skin rashes, and other allergic reactions may occur occasionally.

Use in Pregnancy and Lactation:
Pregnant or nursing mother should consult with a physician before using this product.

Drug Interaction:
Anion Exchange Resin: Cholestyramine reduces absorption of paracetamol. Metoclopramide & Domperidone: Metoclopramide & Domperidone accelerate absorption of paracetamol

Overdosage:
If an overdose is taken or suspected, go to the hospital immediately even if you feel well, because of the risk of delayed, serious liver damage if left untreated.

Storage:
Store in a cool (below 30°C) and dry place protected from light and moisture. Keep out of the reach of children.

Packing:
Each Box contains 20 x 10's tablets in blister strip.

Manufactured By:
The IBN SINA Pharmaceutical Industry PLC.
Shafipur, Gazipur, Bangladesh.
