NEURALGIN

VIT-B1; VIT-B6 & VIT-B12

Compositions:
Tablet: Each film coated tablet contains Thiamine Mononitrate USP 100 mg, Pyridoxine Hydrochloride BP 200 mg, Cyanocobalamin USP 200 mcg. Injection: Each ampoule contains Thiamine Hydrochloride BP 100 mg, Pyridoxine Hydrochloride BP 100 mg, Cyanocobalamin USP 1 mg.

Pharmacology:
Neuralgin is a special preparation of vitamin B1, B6 & B12. The vitamins B1, B6 & B12 are essential for a normal course of the nervous metabolism. The efficacy of the combined vitamin B1, B6 & B12 contained in Neuralgin tablet & injection is superior to that of the individual vitamins alone. The effect of Neuralgin in diseases of the nervous system involves compensation of accompanying vitamin-B deficiencies and stimulation of natural healing processes in the nervous tissue.

Dosage And Administration:
Tablet: 1-3 Tablets per day or as advised by the physician. Injection: In severe (acute) cases-1 injection IM daily until the acute symptoms subside or taken as advised by the physician. In mild cases -1 injection IM 2-3 times per week. Ampoules are preferably injected intramuscularly.
